LEHIGH VALLEY REGION

ARBITRATION COMMISSION VISITS ONE MINE AND SEVERAL VILLAGES.

GIVEN A SLIGHT SCARE

While inspecting the Audenried Colliery a Blast Is Fired in a Nearby Chamber and the Rush of Air Extinguishes Their Lights—Men Familiar With the Mine Quickly Reassure Them.

Hazleton, Pa., Nov. 4.—The anthracite strike commission spent the entire day in the Lehigh Valley region, visiting one mine and several of the mining villages. While most of the commissioners were looking over the territory, Recorder Wright was kept busy on the train attending to the correspondence of the commission. Among the matters he disposed of was the sending of a copy of President Mitchell's statement of the miners' case, which was filed with the commission on Sunday night before its departure from Scranton for this region, to all the coal companies involved in the district. The statement was mailed from this city, and should be in the hands of the companies in the morning. Under the agreement made before the commission at Washington, the operators will make a reply in three or four days.

The trip of the commission through this region was an interesting one, the conditions of mining being somewhat different from those existing in the Lackawanna and Wyoming valleys.

Luncheon was served at the Central hotel here and the entire afternoon was spent in the Audenried mine. The commissioners were lowered into the workings 350 feet below through an 1,100-foot slope. One of the new "physical features" they saw was a vein of coal with a very steep pitch, which was difficult to mine. While they were inspecting this a blast was fired in a nearby chamber and the lights carried by those who remained in the gangways below were extinguished by the rush of air. Some of the party were timid for a moment, wondering what had happened, but were quickly assured that there was no danger by men familiar with the mine. While underground, many questions were asked of the miners at work by the commissioners.

After they came to the surface, the arbitrators visited a "stripping," which is a place where the coal lies so near the surface that the earth can be taken off with a steam shovel, exposing the coal and thus making its mining an easy matter. The commissioners spent the night at the Central hotel and will leave for Shamokin at 7:45 in the morning. The day will be spent in the vicinity, and Wednesday will find the commission in the Panther Creek valley. On Thursday the arbitrators will visit the region around Pottsville and that night the commission will adjourn until Nov. 14.

LARGE VOTE LIKELY.

Unusual Interest Manifested in Rhode Island.

Providence, R. I., Nov. 4.—The close of the campaign gives every indication that the unusual degree of interest manifested will draw out a very large vote, and many close contests seem likely. Much doubt clouds the gubernatorial fight, and only the actual count of ballots will decide between Governor C. D. Kimball, the Republican nominee, and L. F. C. Garvin of Cumberland.

ROBBERY THE MOTIVE.

Negro Kills a Woman and Badly Injures Her Daughter.

Salem, Ala., Nov. 4.—Sam Harris, a negro, entered the home of George Meadows, a planter who lives six miles south of here, during Mr. Meadows' absence, and struck his wife and eighteen-year-old daughter on the head with an axe, crushing Mrs. Meadows' skull and fracturing that of her daughter. Mrs. Meadows has not regained consciousness and will die. The negro was placed in custody and held until Miss Meadows had sufficiently recovered to identify him. This she did in the afternoon, and the negro was taken in charge by about 125 men and his body riddled with bullets. Harris denied his guilt until the first shot was fired, and then he acknowledged the crime. The condition of the house showed that robbery was the purpose of the crime.

MONEY PACKAGE ROBBED.

Des Moines National Bank Out Two Thousand Dollars.

Des Moines, Ia., Nov. 4.—Officers of the Des Moines National bank made public during the day the loss of \$2,000 shipped by American express to the Bank of Irwin, Ia., on Oct. 20. When the package was opened at Irwin the next day it contained brown paper. One seal had been removed from the package without breaking it and replaced by the use of mullage after the package had been closed again. It is claimed the mullage was still soft when the package was opened, thus indicating that the contents of the package had not been removed many hours.

PUT UP A STRONG FIGHT.

Deputy Sheriffs Surround and Kill Two Outlaws.

Guthrie, Okla., Nov. 4.—Burt Casey, an outlaw, and Jim Sims, one of his lieutenants, trapped by two deputy sheriffs in a rendezvous near Glen Springs, in Woods county during the day, were shot and killed. They put up a strong fight, firing several volleys, but none of the deputies were hit.

Millionaire Brewer Dead.

Elkhart Lake, Wis., Nov. 4.—M. Gottfried, the millionaire Chicago brewer, who had made his home here for the past twelve years, died at 8 o'clock p. m. He had been ill with pneumonia nearly three weeks.

Cuban Congress Reconvenes.

Havana, Nov. 4.—The Cuban congress, which adjourned Oct. 20, reconvened during the day. President Prisma, in his message to congress, takes an optimistic view of the future of the republic.

No Doubt in North Carolina.

Raleigh, N. C., Nov. 4.—Indications are that there will be a sweeping Democratic victory in North Carolina, with a majority for the state ticket of 59,000 to 60,000. All indications point to nine Democratic congressmen certain, with ten probable. The Republicans say they have hopes in two districts, the Eighth and Tenth, and claim they will win both.

Many Surprises Expected in Utah.

Salt Lake City, Utah, Nov. 4.—On account of the entrance of the church question in politics this year, party lines have been so disintegrated that many surprises are looked for in the election. Chief interest centers in the contest for control of the legislature which will this winter elect a successor to Senator Tawlings.

Spirited Fight in New Jersey.

Trenton, N. J., Nov. 4.—The campaign in this state has been one of the most spirited in years. There appears to be no doubt that the legislature will be largely Republican. Democratic State Chairman Gourley expressed the belief that the Democrats would carry four congressional districts.

MAKE CONFIDENT CLAIMS.

Victory Expected by Both Parties in Nebraska.

Lincoln, Neb., Nov. 4.—Final statements of political managers on the result in Nebraska have been made. Chairman Lindsay, for the Republicans, said:

"We will elect six congressmen, the entire state ticket and two-thirds of the legislature."

Chairman Hall, for the Democrats, said:

"We are going to elect W. M. Thompson governor by approximately 10,000 majority. We will not lose a single one of the fusion congressional districts, and will be disappointed if we do not control the lower house of the legislature."

Arkansas Democrats Confident.

Little Rock, Ark., Nov. 4.—Indications are that not over half the normal voting strength of Arkansas will be shown at the election of congressmen. The Democratic managers express the utmost confidence in the election of the seven Democratic nominees.

No Uncertainty in Louisiana.

New Orleans, Nov. 4.—With no uncertainty as to the result, little interest is manifested in the election in Louisiana for congressmen. The vote will be light. No district, however, is doubtful, and seven Democratic members will be returned.

Georgia a Democratic Cinch.

Atlanta, Ga., Nov. 4.—Lack of Republican opposition and certainty of Democratic success have robbed the campaign of Georgia of both excitement and interest. The Democrats will return eleven congressmen from this state.

Light Vote Expected in Alabama.

Montgomery, Ala., Nov. 4.—It is believed that Alabama will return a solid Democratic delegation to congress. The Democratic state ticket will be elected by about 30,000 majority. A light vote is expected.

GOVERNOR WILL BE CLOSE.

Interesting Contest Being Waged in California.

San Francisco, Cal., Nov. 4.—The campaign closed in California with expressed confidence by both the opposing forces. It is generally predicted that the Republican state ticket, with the exception of governor, will be elected by a large majority. The race for governor will be close, owing to factional difference and apathy in the Republican ranks.

The Republican state central committee claims the state by 14,000 for Pardee, while the Democrats claim Lane's election by 12,000. The Republicans claim all eight congressmen.

Rain a Factor in Oklahoma.

Guthrie, Okla., Nov. 4.—Political leaders of both parties are of the same opinion that the steady rain, which has fallen since early Sunday, will cut an important figure in the election. They state that the rain will cut down the total vote, and that it is difficult to predict from which party the greater loss will come. Both parties, however, are claiming victory by narrow margins.

Election Already Decided.

Charleston, S. C., Nov. 4.—The result of the election in South Carolina was decided beyond question by the Democratic primary on Aug. 26. United States Senator McLaurin will be succeeded by Congressman A. C. Latimer, and Captain Duncan Clinch Heyward will succeed M. B. McSweeney as governor. The Democrats will return a solid delegation to Washington.

Heavy Rain Falling in Texas.

Dallas, Tex., Nov. 4.—The night before the battle of ballots found Texas experiencing the heaviest rain which has fallen in several months. It is probable that a light vote will be cast, owing to weather conditions, but a large Democratic majority is conceded.

FIRM FOUNDATION.

Nothing Can Undermine it in Brainerd.

People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of hundreds of Brainerd residents expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mr. James Parker, who lives at 24 Second avenue, East Brainerd, carpenter, says: "Every winter since I had the grippe I have been unable to shake off its effects. My back commenced to pain me across the kidneys with a numb sort of aching which I felt always on the same spot, even lying in bed. I was also troubled with headache which I think arose from my kidneys. I got a box of Doan's Kidney Pills at a drug store and took them. Since using them I have been much better in general health. Have no more attacks of headache, no more backache and I regard it as quite wonderful that anything in the shape of a pill could bring about such a change."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

INDICATIONS IN DELAWARE.

Believed That Addicks Will Not Control Legislature.

Dover, Del., Nov. 4.—Estimates from various sources indicate that J. Edward Addicks will be unable to control the next legislature. Wilson Michael Byrne, the Union (Addicks) Republican nominee for congress, predicts a combined Republican majority in the legislature, with a deadlock on the senatorship, but the ultimate election of two Republican United States senators. The regular Republican and Democratic leaders, however, dispute this claim, and assert that not only will Mr. Byrne be defeated, but that the Addicks faction will elect not more than sixteen members of the legislature, which would preclude the possibility of Addicks' election to the United States senate.

VOTE PROMISES TO BE LIGHT.

Maryland Confidently Claimed by Both Parties.

Baltimore, Nov. 4.—The night before the battle found both parties expressing the strongest confidence in the result. Chairman Goldsborough of the Republican committee issued a statement predicting that the state will go Republican by from 10,000 to 12,000 majority, and that Maryland will again send a solid Republican delegation to congress. Chairman Vandiver of the Democratic committee, in a final statement, professes confidence in the election of four Democratic congressmen, with good chances for a fifth. The safest forecast seems to be the election of four Republicans and two Democrats. The vote promises to be light on account of apathy.

LOOK FOR A SURPRISE.

Ohio Democratic Managers in a Hopeful Mood.

Columbus, O., Nov. 4.—When the party managers left for their homes to vote, no unusual developments were reported anywhere in this state. The Democratic managers still persist that there may be a surprise in the vote on the state ticket and that they will gain three congressmen, surely two. Chairman Dick, before leaving for Akron, said he expected a Republican gain of one. While Chairman Dick has not changed his estimate of 70,000 plurality on the state ticket, there are others at the Republican state headquarters who predict that the plurality of Laylin over Bigelow for secretary of state will approximate 100,000.

HEAVY VOTE PREDICTED.

Hotly Contested Election Being Held in Colorado.

Denver, Nov. 4.—The election in Colorado promises to be hotly contested, and the party managers predict a heavy vote. Both Democratic and Republican chairmen claim victory, the former by 18,000 to 20,000 plurality, and the latter by 10,000 to 15,000 on the head of the state ticket. Three congressmen are to be chosen, and both Democrats and Republicans are claiming all these. It is generally conceded that the Democrats will secure a majority in the legislature and will re-elect United States Senator Teller.

Both Claim Washington.

Seattle, Wash., Nov. 4.—Chairman Morrison of the Republican state committee says the Republican ticket will carry the state of Washington by 20,000 majority. Chairman Helfner of the Democratic state committee says the Democratic state ticket will carry the state by a majority of from 1,500 to 4,000.

RICH FIND OF FOSSILS.

Three Toed Horse Skeletons Unearthed by Exploring Party.

Word was recently received by Professor Osborne of the American Museum of Natural History that the party of scientific explorers which went west some months ago to search for relics of extinct species of horses had found fossils of a herd of five small horses, says the New York Herald. The animals belonged to the three toed variety, which hitherto has been known only from skulls and poor fragments of the frame.

Professor Osborne is overjoyed at the success of the present searching party. The word he received stated that ten fore legs, ten hind legs, several skulls and one skeleton almost intact, all in an excellent state of preservation, had been found. With the fragments, it is believed, it will be easily possible to restore at least two complete skeletons. This remarkable find far exceeds any ambition the exploring party had. At best the members had expected to unearth but a few fragments, with the aid of which, by dint of much labor and study, it would be possible to give an idea of the frame of one of the three toed horses which once galloped on the plains of the west.

Just where the find was made was not stated. The searchers have been working with the fund provided for that purpose by William C. Whitney. The fossils have been shipped to New York.

"This find is an important addition to the history and development of the horse in America," said Professor Osborne. "Special explorations for fossil horses began in 1901. Last season two complete stages were obtained, but they were of an earlier period than those just found."

FADS IN FALL JEWELRY.

Detachable Gold Underwear Buttons For Rich Men's Ties.

The sole outstanding novelty in fashionable fall and winter jewelry is detachable plain gold underwear buttons. These are put up in sets of four and six and can be had in varying sizes and weights, says the New York Times. A thoroughly serviceable set of six can be obtained for \$30, and this size gives evidence of being the most popular.

The buttons are oblong or round on the outer sides, and the reverse ends are molded to fit the curves of the body. The man of luxurious tastes and ample means need no longer suffer from the distress occasioned by the deadly animosity of laundresses to buttons of all kinds.

In the watch trade the demand is all for thinness, flatness and plainness. Watches even of only moderate thickness are being displaced as rapidly in the American market as were their ponderous predecessors driven out by the "mediums" of today.

"Customers are constantly asking for something new," said a prominent retailer. "They are tired of watches, rings, pencils, dressing cases, etc., and a big fortune awaits the man who will bring out something really novel. There are all kinds of adaptations, but nothing that is at once unique and artistic."

WOMEN AS "IMMORTALS."

French Paper Suggests the Idea and Asks For Names.

Femina, a Frenchwoman's review, has asked its readers to give the names of the forty Frenchwomen who would be "immortals" if there were such a thing as a French academy for women, says a special cable from Paris to the Philadelphia Press. Among the names sent in were many well known to Americans, some of them being Sarah Bernhardt, Augusta Holmes, Rejane, Gyp, Calve, Chaminade, Breval and Lucile Felix-Faure. There were also the names of the wives of writers well known in the United States, like Alphonse Daudet, Edmond Rostand and Octave Feuillet.

A Rush to South Africa.

A rush of emigrants from Australia to South Africa has set in and is worrying the authorities, says the Argonaut. Applicants for permits to emigrate have to prove themselves possessed of a minimum of \$500. The requirement, together with the expense of the voyage, is an obstacle to the poor in purse, and the result is that ships from Australia are suffering with a plague of stowaways. The captain of the Fortunatus, bound from Melbourne to the Cape, recently found that he had twenty of these unlicensed passengers on board, and so he took a drastic course. He dropped all the stowaways on the Australian coast 250 miles from Melbourne.

Popularity of Irish Country Seats.

To have a country seat in Ireland is a growing fad of rich Americans abroad, says the New York Press. After a round of London gayeties Mrs. Adair finds relaxation at Glenvaugh, her beautiful country home in the suburbs—if suburbs it may be called—of Dublin. The beautiful old hall is rarely without house parties of alien Americans and a foreign lion or two. Glenvaugh is looking forward to a visit from Lord Kitchener before he starts for India.

Winter Styles in Purse.

Green leather purses and wrist bags will be much used through the winter. Russian seal, polar seal, matte seal and oriental seal will also be worn, and there is a new leather, graphite, that is being made up smartly with French gray silver or aluminum into chateleine bags and the like. Aluminum, by the way, is a novelty as a trimming. In bag trimmings nothing excels in popularity Pompeian gold, a dull Roman gold with a green tinge.

Bulldog Kinder Than Child.

An incident related by George Elliot proves that kindness and devotion are characteristic of the bulldog breed. The distinguished author was on a visit to the house of a friend where a bulldog and a child, each of the age of six, were among the household possessions. During dessert after dinner, while all were absorbed in conversation, they were startled by a loud howl of pain from the dog, evidently proceeding from under the table. An investigation immediately made discovered that the child, equipped with a pair of scissors, was under the table also and trying to cut the dog's ears with them. From one ear of the bull the blood was running, and yet the dog was making not the slightest effort to escape or defend himself. The host and father, outraged by the evidence of such cruelty on the part of the child, determined on immediate punishment. But when he undertook to carry the punishment into effect the dog interfered, pushing himself between the master and the child and licking the face of the latter.

What a Convict Does in Prison.

If I had little work to do in prison, how did I spend the time? At Auburn, where I lived the greater part of my first term, the routine of my life was as follows: After rising in the morning I would sweep out my cell, turn up my bed and blankets and clean up. Then to breakfast; then, if there was no work to do, I would go back to my cell and eat a small portion of opium. Then I would exercise with dumbbells and take a sponge bath with cold water. Next would come a nap till dinner time. After dinner I would read and think in my cell until 3 o'clock, when I would go to the bucket ground or exercise in the yard in the lock step with the others for half an hour; then back to the cell, taking with me bread and a cup of coffee made out of burned bread crust for my supper. The count was made at 6 o'clock to see that all was right for the night. After that I read in my cell as long as the oil lasted.—"Autobiography of a Thief" in Leslie's Monthly.

The Penalty of Progress.

Is it anybody's business to keep count of the number of persons who are killed by accidents from day to day in this country? The number must be enormous, and most of the victims die of modern improvements of one kind and another, says Life. Fatal trolley car accidents are more common and comprehensive this year than ever before; railroads kill and maim about as usual, automobiles do their share, and mines, factories, fires, drowning accidents, gas accidents, explosions and the like contribute with extraordinary steadiness to our mortality statistics. In the industrial world especially the sacrifice of human life seems prodigious. Human life is cheap, but, cheap as it is, American civilization seems unduly lavish in expending it.

An Attentive Daughter.

He (after marriage)—I don't see why you are not as considerate of my comfort as you used to be of your father's.

She—Why, my dear, I am.

He—How do you make that out? When I come into the house, I have to hunt around for my slippers and everything else I happen to want, but when I used to court you and your father would come in from town you would rush about gathering up his things, wheel his easy chair up to the fire, warm his slippers and get him both a head rest and a foot rest, so that all he had to do was to drop right down and be comfortable.

She—Oh, that was only so he'd go to sleep sooner.

A Delicate Compliment.

To be able to compliment without seeming to flatter is a rare gift, and probably no race of men is endowed with that gift more extensively than the French.

An example of the Frenchman's rare tact in matters of this sort is shown in that sweet little story of a man who had ventured to compliment a white haired old lady upon her beauty. "Ah," said she, "a fear you flatter me. You call me pretty? Why, I am an old woman, my hair is white, and see here is a wrinkle."

"A wrinkle?" he replied. "Never, madame; that is not a wrinkle. It is but a smile that has drifted from its moorings."

No Further Delay.

A couple had been engaged to be married for about fourteen years, and still the swain had not mustered up courage enough to ask her to name the happy day. The other evening he called in a peculiar frame of mind and asked her to sing something tender and touching. Imagine his surprise when she sat down at the piano and sang, "Darling, I am growing old." There was no further delay.—Scottish American.

A Clerical Conundrum.

Archbishop Whately once asked the question: "Why can a man never starve in the great desert?" and answered it himself as follows: "Because he can eat the sand which is there. But what brought the sand-wiches there? Why, Noah sent Ham, and his descendants mustered and bred."

Taking Pains.

"Genius," quoted Smuthers, "is an infinite capacity for taking pains."

"Then," remarked Smuthers, "old Groanache must be a genius. He gets every ailment he hears any one else has."—Cincinnati Commercial Tribune.

What More?

He—You might at least have given me some warning that you were going to throw me over.

She—Well, haven't I been nice to you for over a week?

Light Vote in Virginia.
Richmond, Va., Nov. 4.—There are no advices which justify any changes of previous forecasts of the election in Virginia. The vote is the first under the new constitution, which restricts the suffrage, and will be light. The Democrats will probably carry every congressional district.

A Startling Surprise.
Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50 cents at McFadden Drug Co., and H. P. Dunn & Co.

THE LAST REGULAR COUNCIL MEETING

Under the old Regime Held Last Night, President Crust Presiding

IT WAS A SHORT SESSION.

Bills Allowed and Important Reports Made by the Various Committees.

A meeting of the city council, the last of the old council was, held last night in the city hall. President Crust presided and the following old standbys answered to the roll call: Aldermen Halladay, Gardner Purdy, Fogelstrom, Doran, Rowley and Koop.

The report of Clerk Low, of the municipal court, showed 12 arrests in city cases during the month of October, 8 paid fines, 2 were committed without paying fines and \$102.90 was collected in fines. The report of Acting Chief of Police Derocher corresponded with the report of the clerk.

Street Commissioner Weitzel reported that he had cleaned all the paved streets; had filled the ditch at Forsyth and Gilles avenues in East Brainerd so that the street is now passable and had repaired many crossings in the city. He recommended that new cross walks be laid in the mill district. It seems that considerable complaint had come in from this source from the residents. The report was on motion received and filed.

Supt. John Peterson, of the electric light plant, reported 162 lights cut in during the month of October; 70 are lights are now in use. He reported that the armature in the No. 2 dynamo at the plant burned out, but that it was necessary to send for coils and therefore considerable delay was caused and many consumers were without lights. He reported the plant in otherwise good condition. The report was on motion received and filed.

City Engineer Whiteley reported the completion of the catch basins and manholes on Front and Sixth streets. He reported that the crusher was new in good shape and the prospects are good that the work of macadamizing Front street will be

finished this month. The report was received and placed on file.

The pay rolls herewith were allowed: City employees, \$308.33; police department, \$321; street employees, \$711.96; electric light employees, \$396.50.

There was a slight ripple when the bill of Officer Preston was read for something like \$4, claimed as overtime. It seems that the officer put in the time as a complaining witness in a city case, but City Attorney Crowell read the law on the matter and showed the council had no right to pay the bill; that a police officer is compelled under the statutes to attend such cases, when called upon, without remuneration. It seems that the council took the initiative sometime ago to dock policemen for being off duty and this was why the above bill was sent in. Many of the council thought the policemen who worked nights and are compelled to get up and attend a trial in the day time should be paid extra. The matter was, however, laid on the table.

Alderman Halladay took up the matter of crossings in the mill districts and his motion that the improvements asked be put in prevailed. President Crust also had included in the motion a crossing for Main and Eighth streets.

Supt. Peterson, of the electric light plant, came in for a little reprimand on account of the fact that there was no coil for the armature which burned out about the middle of last month. At first the sturdy alderman from the Third, Mr. Halladay, moved that the superintendent be held responsible for any such loss in the future. This was modified, however, and hereafter the superintendent will be given power to order the purchasing committee to buy such material to be kept on hand that may be used to replace any broken parts of machinery about the plant. The matter of putting the Eighth street light at the railroad crossing in condition was also referred to the superintendent and he was authorized to have the work done at once.

The death of "Old Sam"—this was the only name the old man was known by—in the city jail came up and the matter was referred to the health, sewer and police committee to investigate.

There was a bill in last night for power rent, the makers name being the Northern Power Co. The council was in a quandry to know what and who this firm was and did not know that the old Mississippi and Rum River Boom Co. had merged into any other company. This bill was not paid but was referred to City Attorney Crowell, who was instructed to find out what this company was.

Council adjourned until Wednesday night.

A SCARCITY OF MEN.

It is Said That Northern Loggers Need Fifteen Thousand Men for the Winter's Work.

Loggers who have contracts in the northern Minnesota woods this year, need about 15,000 men this winter, and thus far not more than 3,000 have reported for work. Common woodmen are offered from \$30 to \$35 per month. Many of the men who have heretofore worked in the Minnesota woods have gone to Oregon, Washington and California, and thousands have engaged in other lines of employment.

In order to guard against an outbreak of smallpox in the lumber camps, the state board of health has employed regular physicians to inspect all logging camps weekly.

BRAINERD WILL POLL A BIG VOTE

It is Estimated that the Total Vote in the City will be About Sixteen Hundred.

CLOSE ON SOME CONTESTS.

Considerable Interest Taken in the Nelson-Erickson and Sanborn-McFadden Fight.

Today is election day and there is very brisk voting in nearly all the wards of the city and it is variously estimated that the total vote will be over sixteen hundred.

The voting in the first ward was quite brisk and by 2 o'clock this afternoon the total number of votes cast was 200, only 42 votes less than the total registration.

In the Third ward where the registration was 419, something like 300 votes were cast before the mill employees started in.

This morning the Northern Pacific shops were closed to give the men a chance to vote and this afternoon the Brainerd Lumber Company mills were shut down.

There are some pretty warm fights in various wards of the city. Much interest is being taken in the contests for the office of sheriff between Wm. Nelson and Ole Erickson. There is equally as much interest in the Sanborn-McFadden contest for the office of judge of probate. The contest for mayor also seems to be quite interesting. There is no way of telling up to the time of going to press how the vote was going on either of these offices.

Tonight there will be much interest in the outcome and the telephone and telegraph offices will be besieged. It is thought that it will be known pretty near how things are going by 11 o'clock tonight.

The polls will be open tonight until 6 o'clock only.

The following was the vote at the time of going to press:

| | MEN | WOMEN |

| Second Ward..... | 354 | 30 |
| Third Ward..... | 332 | |

MUSIC AND DRAMA.

"RIP VAN WINKLE."

Thomas Jefferson, son of Joseph Jefferson, and who is now playing "Rip Van Winkle" with great success, comes in the fifth generation of this famous family of actors, whose stage career began with Thomas Jefferson, the first, in London in 1746. The talents of this actor were developed by no less a personage than David Garrick and from sire to son they have been handed down and strengthened with each successor until today the name of Jefferson is a household word and is looked upon for all that is best in dramatic art. That Joseph Jefferson's great talent has been inherited by his son Thomas there is no doubt. His performance of the lovable happy-go-lucky vagabond is one of the gems of the American stage and will live in the hearts of the people for years to come.

This eminent actor and his excellent company present "Rip Van Winkle", at the Brainerd opera house, Friday evening, Nov. 7th and should attract a capacity house of our best people.

Neil Burgess appeared to a big house at the music hall on Friday evening, presenting the very popular and interesting "County Fair", in which he assumed the familiar role of Abigail Prue. Numberless improvements have been made in the staging of this famous play this year, whose mountings now excel everything previously seen in domestic drama. The great racing scene, in which these spirited animals, all running at full speed, a bit of realism which sets the audience wild with enthusiasm. The scenery which is entirely new, is painted from picturesque bits sketched in the Green Mountains of Vermont, and is magnificent in its fidelity to nature. Of Mr. Neil Burgess as Abigail Prue, it is faint praise to say that he is inimitable. A very capable company is again with Mr. Burgess.—Portsmouth Herald, Oct. 26th, 1902.

The "County Fair" comes to the Brainerd opera house, Saturday, Nov., 8th, 1902.

One of the most popular vocalists of this city remarked a few days ago that Miss MacDonald of the Scottish entertainers has the most captivating manner of any lady she had ever seen on the stage.

FIGURES WIDE APART

DEMOCRATS AND REPUBLICANS
ISSUE THEIR ESTIMATES ON
NEW YORK'S VOTE.

BOTH CLAIM THE GOVERNOR

Coler's Friends Say He Is Sure of Elec-
tion by at Least 50,000, While Odell's
Plurality Is Prophesied at 37,000.
Pennsylvania Republicans Claim the
Governor by 163,000, and the Demo-
crats Say They Will Win by 40,000.

New York, Nov. 4.—The opening of
the final struggle finds the leaders of
both the great parties still claiming
large and, in many instances, in-
creased pluralities for their respective
candidates.

Frank Campbell of the Democratic
state committee has declared himself
convinced that his estimate of 35,000
plurality in the state for Coler for
governor erred on the side of modesty,
and expressed confidence that the can-
didate is sure of election by at least
50,000. Mr. Campbell, who is at his
home in Bath, declared that his in-
creased estimate was based on late
information, which indicated that a
landslide for the Democratic party
might be expected. He thought it
probable that Mr. Coler's plurality
might run as high as 65,000 votes.
Mr. Coler himself is still more san-
guine, being sure that the govern-
orship will be his by a plurality of 60,000
votes.

Colonel George W. Dunn, chairman
of the Republican state committee, on
the other hand, stands fast to his
original estimate of 37,000 plurality
for Odell, which is practically the
same as that of the candidate himself.

Despite the enormous divergence of
estimates, there is at the last moment
practically no change in the betting,
the odds remaining at 2 to 1 on Odell.
Outside of the battle for the gov-
ernorship, the election in the metrop-
olis is exciting unusually little inter-
est. Rarely has a campaign been con-
ducted with so little excitement, and
the indications are that the general
public apathy will result in an un-
usually quiet election day.

SITUATION IN PENNSYLVANIA.

Campaign Closes With Both Sides
Claiming Victory.

Philadelphia, Nov. 4.—Senator Quay,
chairman of the Republican state com-
mittee, issued a statement to the press
in which he gives his estimate by
counties on the vote for governor.
The statement shows a plurality in
the state for Pennypacker (Rep.) of
163,435.

The senator concedes but one of the
thirty-two congressional districts to
the Democrats, and claims that the
Republicans will have two-thirds ma-
jority in both branches of the legis-
lature, which in the approaching session
will elect a successor to United States
Senator Penrose.

Democratic State Chairman Creasey
said before leaving here for his home
that Pattison, Democratic candidate
for governor, would have 40,000 plu-
rality, and that the next legislature
will be anti-Penrose.

ILLINOIS CONGRESSMEN.

Democrats Concede Republicans Will
Elect a Majority.

Chicago, Nov. 4.—The Republicans
claim that they will have nineteen out
of twenty-five congressmen and more
than enough members of the state
legislature to elect the next United
States senator who is to succeed Sen-
ator William E. Mason. The Demo-
crats claim that they will have a few
more than a majority of the legisla-
ture on joint ballot, while the Repub-
licans assert that there is no doubt
whatever of their ability to control the
state assembly by a majority of at
least a dozen or fifteen votes.

Of the twenty-five congressmen to
be elected in the state, the Repub-
licans claim that they will have six-
teen for sure and feel confident of
getting three more. The Democrats
claim twelve. The present delegation
in congress is evenly divided—eleven
Republicans and eleven Democrats.
It is practically conceded by the Dem-
ocrats that the Republicans will have
the majority of the congressmen from
this state.

ARE EXCEEDINGLY CONFIDENT.

Massachusetts Republicans Believe
They Will Win.

Boston, Nov. 4.—It is believed that
the total state vote will run well above
300,000. Republicans are exceedingly
confident and the Democrats very
hopeful. The former claim the state
by 25,000, while the latter believe they
will elect their candidate for governor
by 8,000 plurality. The present con-
gressional delegation stands ten Rep-
ublicans and three Democrats, but
this year Massachusetts gains a con-
gressman on the re-districting. Under
the new apportionment, the Repub-
licans assert that twelve of the party
candidates will win, while the Dem-
ocrats claim that they will elect at
least six out of fourteen congressmen.

Republicans Claim New Hampshire.

Concord, N. H., Nov. 4.—The last
hours of the political battle in New
Hampshire find both sides confident.
The Republicans do not put their plu-
rality for the state ticket at less than
10,000, while the Democrats claim that
there will be no choice by the people
and the election will be thrown in the
house of representatives.

Each Side Claims Kansas.

Topeka, Kan., Nov. 4.—Kansas will
elect a full state ticket, including
eight congressmen. The Republican
and Democratic chairmen both profess
confidence in complete success at the
polls.

MAD MULLAH ACTIVE.

Rumored He Has Captured a Large
Camel Transport.

Aden, Arabia, Nov. 4.—Colonel
Swayne has been temporarily recalled
to England, where he will act as ad-
viser to the foreign office. General
Manning has assumed command of
the British Somaliland expedition.
Three thousand men will begin to ad-
vance against the Mullah about Nov.
27. This delay is due to the fact that
General Manning is dispensing with
the Indian troops in the belief that the
native levies are more effective.
It is rumored in native quarters that
the Mullah has raided an advance
British outpost in the vicinity of Bo-
hotle, Somaliland, capturing a large
camel transport.

PASSES A CRITICAL DAY.

Governor Yates of Illinois Suffering
From a High Fever.

Springfield, Ill., Nov. 4.—Governor
Yates has passed the most critical day
since he was taken ill. His fever
reached the maximum point of 103.45
degrees, while his pulse was 98. The
governor was irrational part of the
day. He received some rest and also
partook and retained some nourish-
ment during the day. This revived
him greatly, but later the fever again
rose to 103.

Fatally Shot by Tramps.

Bloomington, Ill., Nov. 4.—In an
encounter with tramps near here, Wal-
ter Webb of Kewanee, Ill., was fat-
ally shot. With a companion, Willard
Davy of Platteville, Wis., he was en-
route to St. Louis. Tramps robbed
them of money and other valuables,
and because of the slow response of
Webb to their demands, he was shot.

Midshipmen's Course Reduced.

Annapolis, Md., Nov. 4.—Orders
were received at the naval academy
during the day reducing the course of
midshipmen to three years, instead of
four. The order is for an indefinite
period. The change in the curriculum
is made necessary by the pressing
need of naval officers.

Laura Biggar Surrenders.

Freehold, N. J., Nov. 4.—Miss Laura
Biggar, for whom a warrant was is-
sued for attempt at fraud in connec-
tion with the will of the late million-
aire, Henry M. Bennett, appeared at
the sheriff's office during the day and
announced that she desired to sur-
render herself.

Engineer and Fireman Killed.

Meyersdale, Pa., Nov. 4.—In a col-
lision on the Baltimore and Ohio be-
tween fast freight west and two helper
engines, Engineer Clifton D. Curtis of
Meyersdale and Fireman N. Nicholson
were killed. Engineer George D. In-
gram of Conneville was probably fa-
tally hurt.

Falconio Will Arrive Nov. 20.

Washington, Nov. 4.—It was an-
nounced during the day that Mr.
Falconio, the new apostolic delegate to
the United States, will arrive here
Nov. 20, and assume his new office on
that date. There will be no formal
ceremony to mark his assumption of
the office.

Nevada Republicans Confident.

Reno, Nev., Nov. 4.—There can be
no doubt that Newlands, Democratic
candidate for senator, will make a
very stubborn fight, but the Repub-
licans still maintain confidence of be-
ing victorious. The fight is expected
to be exceedingly close for congress.

Lectured Against Slavery.

Bloomington, Ill., Nov. 4.—Rev.
George Wilson, a widely known Pres-
byterian and author, died during the
day, aged eighty-five. He attracted
much attention before and during the
Civil war as a lecturer against slavery.

Tennessee Will Go Democratic.

Nashville, Tenn., Nov. 4.—That Hon.
James B. Franzier, Democratic candi-
date for governor, will be elected is
conceded. Of the congressmen to be
chosen, eight will be Democratic and
two Republican.

WILL ELECT ROSING FOR
GOVERNOR.

VAN SANT MEN CONFIDENT

Republicans Believe He Will Carry the
State by About 20,000 Plurality.
Party Differences May Cut Quite a
Figure in Wisconsin—South Dakota
Republicans Claim They Will Con-
trol Legislature.

St. Paul, Nov. 4.—Chairman Buck of
the Democratic state central com-
mittee claims the election of Leonard A.
Rosing by from 20,000 to 25,000.

The estimate of Chairman Jamison
is that Van Sant will have 20,000 ma-
jority.

In the congressional districts the
Democrats maintain they are confident
of the election of two members of the
next house.

MAY CUT QUITE A FIGURE.

Party Differences Exist on Both Sides
in Wisconsin.

Milwaukee, Nov. 4.—While the
chances seem to greatly favor the suc-
cess of the Republican state ticket at
the polls, there are many things enter-
ing into the contest which render it
hard to make an accurate forecast.
Party differences are expected to cut
quite a figure on both sides. Espe-
cially is this the case among the Re-
publicans, who have been practically
divided for two years. Mayor Rose
appears to be confident of being elected
by anywhere from 12,000 to 17,000
plurality, and General George F. Bryan,
chairman of the Republican state
central committee, estimates Governor
Lafollette's plurality at 40,000. The
Republican managers claim ten con-
gressmen and one in doubt, while the
Democrats are sure of one and claim
a fighting chance for three others. It
is generally conceded that the Repub-
licans will control the next legisla-
ture, which elects a United States
senator.

SOUTH DAKOTA LEGISLATURE.

Republicans Claim They Will Have a
Large Majority.

Sioux Falls, Nov. 4.—The Democrats
say they will elect from 12 to 15 of
the 130 members of the state legisla-
ture. Republicans concede them only
about six. It is estimated that a total
of 80,000 votes will be cast, a falling
off of about 15,000 from two years ago.

IOWA WILL BE REPUBLICAN.

Democrats Admit Opponents Will
Elect State Ticket.

Des Moines, Ia., Nov. 4.—It is be-
lieved here that a somewhat larger
vote will be polled in Iowa than has
been anticipated. Reports to both
headquarters show that interest in the
election, especially in the more closely
contested congressional districts, has
materially increased.

The earlier estimates made at the
two headquarters have not been re-
vised. Chairman Spence, before leav-
ing for his home at Mount Ayr, claimed
the election of the Republican
state ticket by 65,000 and the election
of all the Republican congressional
candidates. Chairman Jackson of the
Democratic committee concedes the
state to the Republicans by not over
35,000, and claims the election of Wade
and Craig in the Second and First dis-
tricts, and the probable election of two
or three other Democrats to congress.

LOOK FOR GENERAL SUCCESS.

North Dakota Republicans Claim They
Will Win.

Fargo, N. D., Nov. 4.—Chairman
Hanna of the Republican state com-
mittee asserts that he is confident of
general Republican success for the
state. With a normal vote, Repub-
lican managers say they will have at
least 14,000 majority for the state
ticket, with White for governor not
more than 1,500 behind. The legisla-
ture they claim will be about 80 per
cent Republican. County tickets will
be Republican almost in every county
in the state. Democrats are claiming
that their latest poll shows that
twenty-three counties out of the thirty-
nine will give White less than 5,000
majority.

OUTLOOK IN MONTANA.

Democrats Claim They Will Control
the Legislature.

Helena, Mont., Nov. 4.—Chairman
Lindsay of the Republican state com-
mittee said that he was confident of
the election of Holloway for associate
justice and he believed that Dixon
(Rep.) would be elected to congress.
H. J. Toomey, chairman of the Demo-
cratic state committee, claims the
election of Evans (Dem.) for congress
by 5,000 plurality, and Leslie for as-
sociate justice by 1,500, and that the
legislature will be Democratic on
joint ballot.

One-Sided in Mississippi.

Jackson, Miss., Nov. 4.—Mississippi
is ready for her one-sided battle of
ballots. No interest whatever is
shown in the congressional election,
there being no opposition to the Dem-
ocratic candidates in any district.

No Opposition in Florida.

Jacksonville, Fla., Nov. 4.—The cam-
paign in Florida closed with a big
open air meeting in this city. There
is no opposition to the Democratic
candidates and the vote will be light.

Idaho Claimed by Both.

Boise, Ida., Nov. 4.—There has been
no change in the Idaho situation, both
sides claiming the state on both state
and legislative tickets.

CONTEST IN MISSOURI.

Real Fight Is Apparently Over the
Legislature.

St. Louis, Nov. 4.—The real contest
in Missouri is apparently over the leg-
islature, the Eleventh congressional
district in the city of St. Louis and the
city itself. Republican State Chair-
man Atkins says the legislature will be
very close, but Republican on joint
ballot.

Chairman Rothwell of the Demo-
cratic party claims the state by a plu-
rality of 30,000 and the legislature by
a majority of thirty. He also claims
fifteen out of the sixteen congressional
districts.

Apathetic in Indiana.

Indianapolis, Nov. 4.—This has been
a somewhat apathetic campaign.
Leaders of both parties express con-
fidence of success. The coming legisla-
ture will select a United States sen-
ator to succeed Senator Fairbanks, and
if the prediction of the Republican
leaders on the outcome of the battle
is sustained, Senator Fairbanks will
be elected to succeed himself. State
Chairman O'Brien and other Demo-
cratic leaders are equally as confident
of success as are the Republican
leaders.

Vote Will Be Light in Michigan.

Detroit, Mich., Nov. 4.—Indications
are that there will be a rather light
vote cast in the Wolverine state. Sec-
retary Alward of the Republican state
central committee estimates from the
apathy shown that there will be not
over 80 per cent of the vote of 1900
cast. L. T. Durand gave out a state-
ment predicting the success of the en-
tire state Democratic ticket. Nine of
the twelve congressmen that will be
elected are conceded to the Repub-
licans.

Wyoming May Be Close.

Cheyenne, Wyo., Nov. 4.—The Dem-
ocratic state managers profess to be
hopeful of electing their congressional
and state candidates, but will give no
figures. On the other hand, the Re-
publicans assert that Congressman
Mondell will be re-elected by a ma-
jority of at least 5,000, and the entire
state ticket by majorities of not less
than 2,500.

Republicans Claim Connecticut.

New Haven, Conn., Nov. 4.—The Re-
publican state committee is confident
of a general victory in the election,
though Chairman Gates believes the
plurality for the state ticket will be
reduced from the 14,000 of two years
ago. Mr. Gates also predicts Repub-
lican success in all the congressional
contests.
